

Highlights

**PRINCIPLE has
Recruited
835
Participants!**

- ◆ 848 Sites open, UK wide
- ◆ We are officially partnered with the ZOE COVID-19 symptom reporting App and working with NHS 111
- ◆ 19,031 patients have shown interest in the trial by registering online
- ◆ Everything can be done online and remotely, recruitment and participation is low burden
- ◆ **The trial is the first truly 'democratic', nationally-inclusive, potentially sustainable trial in the UK**

Thank you for your help and support so far! Every patient recruited allows us to make one step further to finding a potential treatment for COVID-19

HELP NEEDED

FLU INVITE

As GPs are engaging with older adults for their flu vaccine, we think this would be a fantastic opportunity to make patients aware of PRINCIPLE. Please consider whether you can incorporate the approved text below into any flu vaccine correspondence with your patients.

Can you help the NHS?

If you are over 50 and have recently developed coronavirus symptoms, you may be able to take part in a clinical trial. To find out more and check if you qualify, go to www.principletrial.org

Affiliated Sites

We are asking sites who expressed interest and aren't set-up, whether they would like to be recognised as a "Green-lit PRINCIPLE Trial Supporting Practice"

We will provide a certificate, no other paperwork is required and **practices will be reimbursed for each randomised participant**. We plan to roll this out to other sites in the near future.

Incidence is increasing: please do a daily check for potentially eligible participants and signpost them to the trial!
