

## Weekly Newsletter - 5<sup>th</sup> February 2021

**PRINCIPLE has  
Recruited  
4053  
Participants!**

### Meet the Team!

#### Karen Madronal - Research Nurse

##### Why did you get into research?

I was looking for a job that worked around my family life better. I'd never worked within research before, but the job sounded very interesting and varied and with no night shifts, I was sold! That was five years ago, so I'd say it was a good decision.

##### What's your favourite thing about working at the CTU?

It's a great team here, very friendly, supportive, and dedicated. I love the variety I get working in the nursing team as we get to assist lots of different trials, so normally no one day is the same.

##### What have you learnt about working on Principle?

I learnt how quickly a research trial can safely become a reality, given the urgency of the situation. It has also given me an appreciation of how each member of the team are small cogs that help the big research wheel keep turning, each as important as the other.

### We have now recruited over 4000 participants!

We reached another  
incredible milestone this  
week.

The PRINCIPLE Team would  
like to say **thank you** to  
everyone for all your hard  
work, and continued support  
for the trial into 2021.

### Recruitment Reminders

- ★ Please note our Freephone number for patient screening, registrations & queries  
**0800 138 0880** is available from:  
Monday - Friday 9.00am—5.00pm  
Saturdays 10.00—3.00pm
