

PRINCIPLE has Recruited 3743 Participants!

Meet a Member of the Team!

Rebecca Edeson—Assistant Trial Manager

Why did you get into research?

I really enjoyed the research elements of my degree (Psychology) and after a year of living in Australia I joined up to the temp agency at Oxford Uni. My first assignment was CTU and I'm still here 5 years later! I hope the research we do can help find evidence that helps people.

What's your favourite thing about working at CTU?

My colleagues are all so lovely and supportive.

What have you learnt about working on Principle?

This year I've learnt how important it is to work as a team, everyone has their own important tasks but we've really had to pull together to make the trial work.

Help the fight against COVID-19

Do you have suspected or confirmed COVID-19?

(Symptoms may include new cough, high temperature, loss/change in smell/taste)

Are you aged 65 and above? Or aged 50 to 64 and meeting at least one of the following criteria?

Then you could be eligible to join the PRINCIPLE trial and help the fight against COVID-19.

The PRINCIPLE trial aims to find treatments that improve symptoms and reduce hospital admission for people with COVID-19.

All of The Principle signposting resources are still available on our website for you to use at your convenience.

These include posters, various templates and infographics.

GP locations of participants recruited in the last 10 weeks

We now have over 1000 sites working with the PRINCIPLE Trial across the nation. A small increase in recruitment and outreach at each site makes a huge impact.
